

Gardener's Gold®

Premium Potting Soil

Available in 8 Quart - 1 & 2 Cubic Feet Sizes

PRIMARY USES:

- For use in all outdoor & indoor potting, containers or raised bed planting applications.
- May be mixed with existing garden soil to enhance soil conditions.
- May be added to existing soil in containers or pots to improve soil nutrients and physical properties.

FEATURES & BENEFITS:

- 100% natural, completely organic ingredients, including Worm Casting, Canadian Sphagnum Peat Moss, Kelp Meal and Bat Guano.
- Special water-saving formula features naturally moisture-absorbent ingredients such as Fir Bark, Peat Moss and Worm Castings.
- Perfectly balanced with essential plant nutrients to provide excellent plant health and growth.
- Specially screened particle size combined with Perlite insures adequate air space and excellent drainage for healthy roots.
- Long-lasting ingredients prevent soil from "shrinking" in container after planting.

WE ARE PROUD OF OUR INGREDIENTS:

FOREST HUMUS, PEAT MOSS, PERLITE, CHICKEN MANURE, WORM CASTINGS, BAT GUANO, KELP MEAL, ALFALFA MEAL
OYSTER SHELL & DOLOMITE LIMES (pH ADJUSTERS)

PRODUCT SELECTION GUIDE

Begun in 1959 by seven California nursery owners, Master Nursery® Garden Centers, Inc. has grown into a cooperative organization of premium garden centers located throughout the United States. Each Master Nursery® product is formulated and tested for effectiveness in all regions where it is sold. When you look for the Master Nursery® red & blue flower logo, you can be sure you are buying products that are first proven and then guaranteed to bring gardening success.
